

Resume Under Construction

Hi there!

You tried opening my resume...

But it's still being engineered with care.

Think of it as a project currently in development:

Writing Code → **Building Projects** → **Crafting Resume**

Status: **Work in Progress**

While the resume gets polished, feel free to explore:

LinkedIn ◇ GitHub ◇ AtCoder ◇ Codeforces ◇ LeetCode

The full version will appear here soon.

Thanks for your patience! :)
